WELCOME TO JUNIOR GOLF AT DRAKE CREEK GOLF CLUB

The Parent's Guide for the 2019 Junior Golf Program

From Todd Butts, Class "A" PGA Professional

Thank you for your interest in the Junior Golf program at Drake Creek Golf Club. This letter will provide you with a basic outline of the objectives for our junior program.

Although improving the playing ability of juniors is an important objective in our program, it is not the only one. Golf, like all other sports, provides many opportunities for the total development (social, physical, emotional, and mental) of your junior golfer(s). To this end, I have created the following objectives for the Drake Creek Junior Golf Program.

1. Be fun and enjoyable. Golf is a game that is supposed to be fun. Juniors should play golf because they find pleasure in it and not because their parents want them to play.
2. Help juniors learn to play to the best of their ability. Juniors will be taught skills, rules, etiquette, basic strategy and be encouraged to practice and play.
3. Contribute to the personal development of each junior. Juniors should learn social skills, emotional control, and other positive character traits

With these objectives in mind, I have strategically developed a junior golf program that includes lessons, clinics, playing, and competing. The program is tailored for peewees through advanced golfers. Our 8 week program has proven to offer a multitude of positive learning experiences for your golfer(s).

Yours in Golf,

M. Todd Butts
PGA Director of Golf and Club Operations

P.S. Volunteers are always needed for our program. I am aware that you all have busy schedules, but any assistance would be greatly appreciated. And if you cannot help, maybe a sibling or grandparent can.
